

**What we offer is solitude!
No telephones, marginal cell reception
and no internet hook ups! An escape
from today's crazy busy lives we lead....
In beautiful Garden Valley, Idaho.**

Uncle Billy Bob's vacation rentals are geared towards fun, family or individual adventures. We keep our costs low by not providing all the bells and whistles, and lets face it, who doesn't need a break from telephones, cell phones and the internet from time to time and just get back to the basics! How about an old fashioned wiener roast in the fire pits at #1 or #2, or a fun game of "Redneck Life" or one of the other assorted games available at all three units, or a get-together with your red-neck friends! (Below- Happy watermelon eaters at number one).
